## COLLECTIONS

We are discontinuing the practice of offering collections of specified varieties. Instead we will make up collections for the amount you wish to spend and the number of roots or plants desired. These will be strictly our selection. Only the varieties which we consider highly satisfactory will be included. The catalogue value will be fully 1/3 greater than the amount you pay. Our regular guarantee applies to these collections.

## SEED

Growing dahlias from seed is one of the most fascinating hobbies for any gardener. A dahlia grown from seed is an entirely new variety and no two are alike. Grow them and name them yourself. Frequently some very fine sorts appear, others have no value except from an ornamental standpoint.

Large flowered types \$5.00 per pkt. of 100 seeds.  
Pom Pom and other types mixed \$1.00 per pkt.  
of 100 seeds.

## SEEDLINGS

We have a number of 1 and 2 year seedlings which we are offering for 50 cents per clump (delivery at digging time.) Ask to see them when you visit our garden. They will surprise you.
